PARTS LIST

Use of the Parts List

- To make it easier to locate the parts in the Parts List, the engine parts and the frame parts are shown in their respective overall illustrations.
- Part numbers for the engine and frame parts are listed separately in numerical order.
 - * When the configuration of the part is desired for a certain part number, it can be conveniently located in the overall illustration by matching the block No. shown in front of the Ref. No., to the identical block No. in the overall illustration.
 - * A parts number, when described under the parts description, supersedes the old parts number in the corresponding parts number column.
- Parts orders are accepted at Honda Dealers.
 - * Order all parts by the parts No. and model serial No.
(When ordering by the description only, specify the model, serial No. and the color of the part).
- Whenever there are any changes or additions to the Parts List, a revised edition of the Parts List, including all of the changes and additions, will be issued from time to time, and which will be identified by a revised edition No. shown on the cover.
 - * Edition No. will be advanced in numerical order whenever a new edition is issued.
 - * Request for the revised edition of the Parts List can be made to the local Honda Distributor.
- The standard price of the parts may be subject to change without notice when due to condition such as cost fluctuation.

HONDA MOTOR CO., LTD.

◦ Color codes and Description of Color schemes

Color code	Color description
NQ	Custom silver metallic
TB	Custom silver metallic & Daytona orange
B	Black

◦ Applicable serial No. control and stamping location

* Control of serial No. for general parts

Engine parts are controlled by the engine serial No. and frame of chassis parts by the frame or chassis No. The serial No. is stamped as follows depending upon each area code.

Model	Area code	Type Description	Initial serial Engine Nos.	Initial serial Frame Nos.
MT250	A	U.S.A. type	MT250E-1000001	MT250-1000001
	D	General export type	MT250E-1018317	MT250-1014336

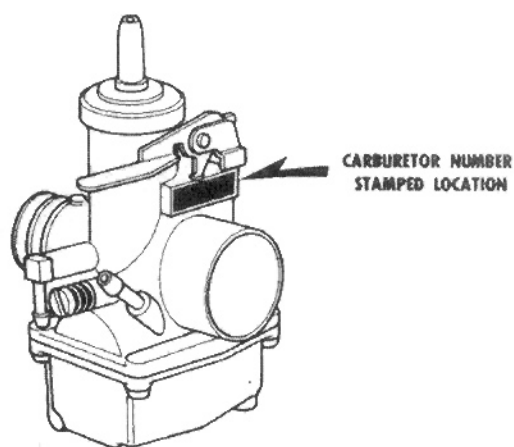

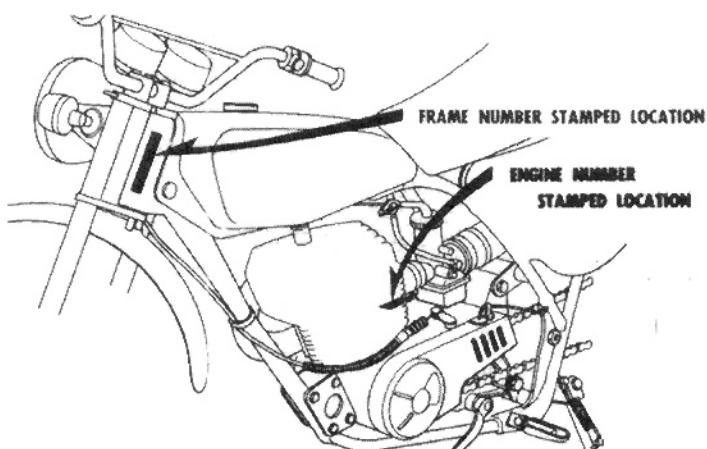

* Control of Carburetor serial No.

Component parts of the carburetor are controlled by the carburetor assembly No. Makeup of the serial No. is as follows.

004 A A — KC 7

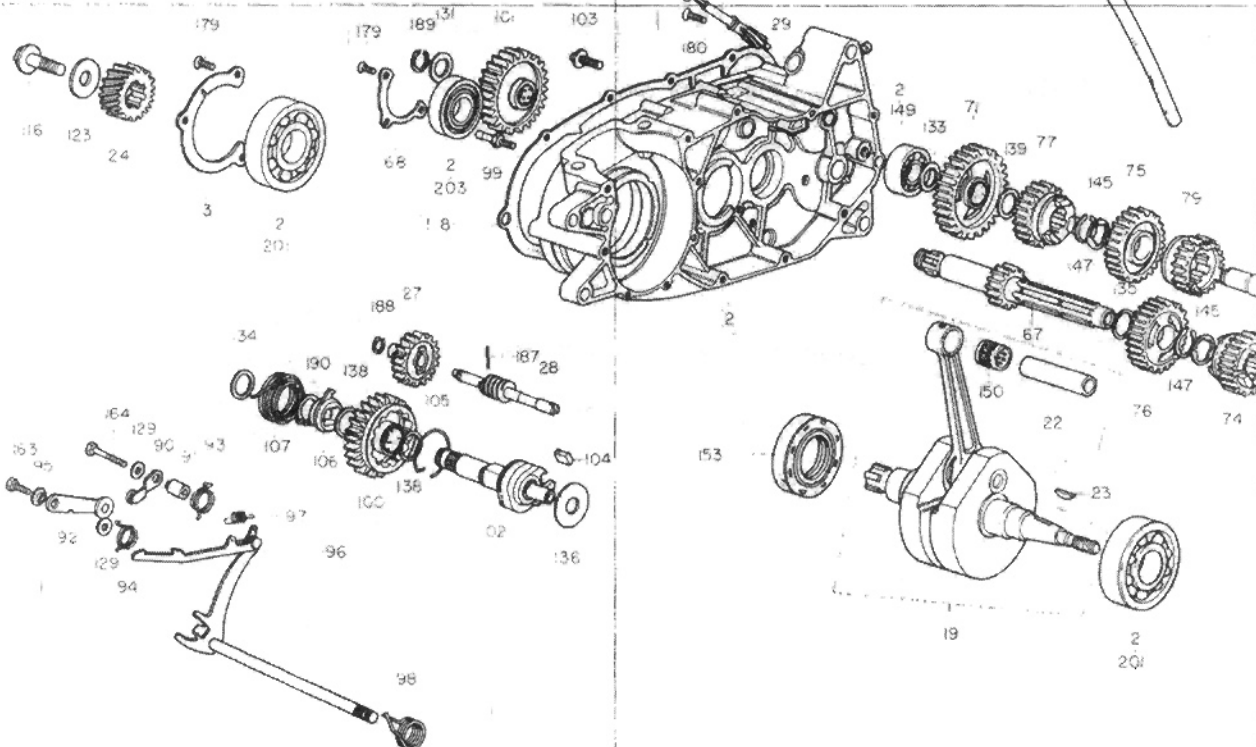

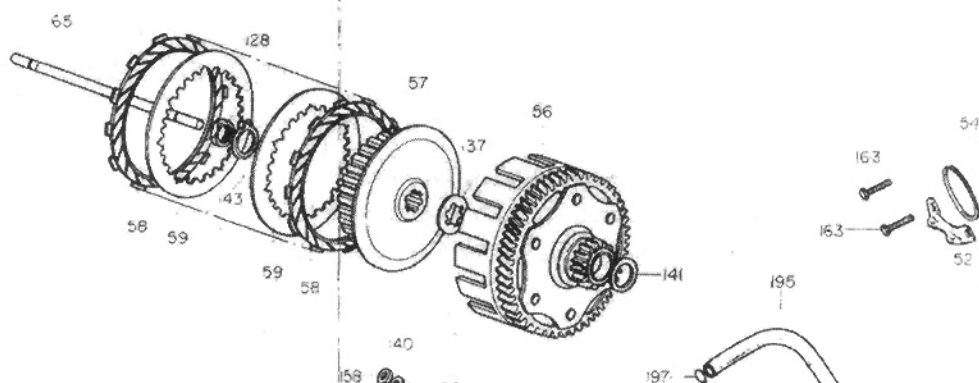

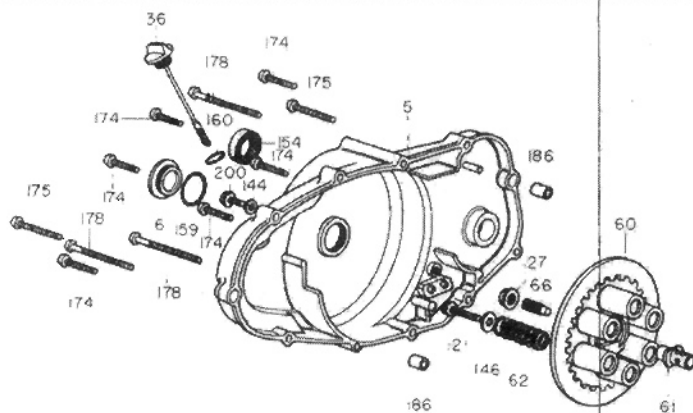

— This portion of the serial No. is used for control purpose.

* Stamping location

- The part number described under the part description supersedes the part number ahead.
- This Parts List covers the changes announced by the Parts News up to No. 4018.
